

ARTISTIC.

Few people realize how much of the artistic instinct enters into the creation of a thoroughly stylish though "somewhat different" tailor made suit. A style may be of the latest and yet not precisely like every other one in town. It is the ability to make out "somewhat different" that has earned us our reputation as Leading Tailors.

Our Suit Clubs at \$1 per week are very popular.

WE BELIEVE

that purchases of groceries are made to fill certain needs, and that quality must actually have the largest share of attention. Price is and should be made subordinate until one's judgment approves the quality. The quality once fixed, then buy as low as it can be bought. This is our theory in buying. We have carefully graded the price on our entire stock, but not a single article is of poor quality. Each steamer from the Coast brings us new fresh goods.

If your Purse Leaked

You'd stop that leak instantly. How about your house? Is there any leakage there? A house is really a purse with lots of money in it. This wet weather is hard on your roof, and unless properly looked after every cent's worth will leak out. Better see me now.

Crazy Competition

is the ruin of all business enterprise. People cut prices to get trade because they can't get it any other way. A good mechanic can command and get a fair price for honest work. My standard of work and prices are the same as they have been for the five years I have been in business here.

I don't claim to know it all and don't want it all, but just take this opportunity to let the public know that the old stand is still open at 231 King street, opposite the Arlington Hotel.

Hawaiian Electric Company.

The cleanest, brightest and really, in the long run, the cheapest and best light for use in the family residence, is the incandescent electric light. Safe; nothing could be safer. A few days ago a prominent gentleman of Honolulu came rushing down to the office of the Electric Company and said: "Give me figures for wiring my house, and I want it done at once; no more lamps for me. Last night a lamp tipped over and it came so near setting fire to the house and burning my children and I take no more risks."

This is the sentiment of quite a number in the past few weeks, who have ordered their houses fitted with the perfect light. Just think it over and make up your mind that you want the best and safest light; send for the Hawaiian Electric Company and tell them what you want.

We have a complete stock of everything in this line and have just received a lot of the very latest designs in chandeliers.

TO BUY UP NAHIKU LANDS

SYNDICATE IN WAILUKU WANTS 1400 ACRES.

Tag of War Fever on Maui—Spreckelsville Comes Out Victorious—Buggy Accident—Shooting Match.

Maui, October 23, 1897.

It is reported that an attempt is being made in Wailuku to get up a syndicate to buy up a block of about 1400 acres of Nahiiku land, but there is no doubt that it will fail. Many people have the idea that they can wait till the day for the sale of the above land comes, and then bid in the lot they want, but they may be surprised to find their lot gone by that time. And should any lots be applied for under the Right of Purchase Lease system, there is no auction, the first application taking the lot. As there are many Portuguese intending to apply under the above system, it will be well for those interested to be on hand early on November 24th, to file applications. First application received decides under what system the land goes. Interested parties should bear this in mind. Applications under the system of "special agreement," duly filled out and sworn to by the applicant, can be presented by a substitute taking his turn at the sub-agent's office on November 24th. Application blanks can be had at any time at the sub-agent's office, or at the Land Office in Honolulu. Lot 29, the large one close to the Nahiiku landing, has been reserved by the Government for the present.

Last Saturday night in the Wailuku skating rink a tug of war occurred between a team of Hawaiians from Spreckelsville and one from Kahului. After fourteen minutes of hard pulling the Spreckelsville boys came out victorious. A small admission fee was charged and about \$31 realized, two-thirds of which went to the winners and one-third to the losers.

Tomorrow at the shooting range in the Wailuku sand hills, a match shoot is to be held between the police of Wailuku and Makawao, and the Wailuku Citizens Guard.

Among the recent arrivals on Maui is Mr. Thayer of San Francisco, who comes to take charge of the wholesale business of Alexander & Baldwin at Kahului.

Wednesday afternoon last as Mrs. D. C. Lindsay was returning home from Hamakua, with her baby and Japanese nurse in the phaeton, at the corner near Mr. C. D. Loveland's the horse suddenly whirled around, threw them all out. Beyond some severe bruises sustained by Mrs. Lindsay no further injury was done, the baby escaping without a scratch. The top of the phaeton was pretty well smashed up.

On Tuesday afternoon the little 5 year old daughter of Mr. and Mrs. William Higby of Kalaheo, was kicked in the face by a mule, and had her nose broken. It was a wonder that she was not killed.

The weather has been showery and wet for the past week, plantation ditches are full, and everything goes on smoothly here on the island.

A LITTLE CAKE TALK.

Cake is cake; yes, sir; just as water is water. Some is good; some very good; some past description—bad. Some cakes you buy are made in an indifferent manner, of poor material and flavored with what? You can taste the Asiatic rucker and his cigar or cigarette at the first bite. Why not buy a good article from a clean, well conducted shop, where tobacco is never used and where cleanliness is practiced to an extent almost unknown in the average bakery. We will make you a layer cake from 50 cents up, tastefully ornamented, and guaranteed good to eat. Our ginger snaps and ginger bread are selling like hot cakes. Have you tried them yet? Yours,
